PRIVACY STATEMENT

Personally identifiable information (PII) is information that can distinguish or trace someone's identity. Personal information includes such things as your name, address, date of birth, last four of the social security number, and phone number. We only collect PII when you provide it to us by:

- Filling out an application
- Completing a RRP or LBPA class and providing it to the training provider who sends it to us.
- Sending us an email
- Mentioning it over the phone

The PII we collect is required by law in order to process the individual or firm certification. We will store this information for our records. The firm's name, address, phone number and certification information is used to populate lists of certified firms posted on our website. Information provided to the Department of Commerce may be subject to public records requests pursuant to Ch. 42.56 RCW.

Application Instructions to Register Out-of-State and EPA Individual Renovator Certificates

- STEP 1:** Complete the application, leaving no blank spaces. The individual must complete, sign and date this application. Missing information will cause your application to be delayed or denied.
- STEP 2:** Attach a copy of your current renovator certificate issued by EPA or other EPA-authorized state.
- STEP 3:** You must work for a company that is RRP firm certified by Commerce. If your employer/company is not yet certified, complete the [RRP firm application](#) and mailed it with the individual application.
- STEP 4:** Processing fee. The processing fee is \$25 per application. If there is more than one application, submit one check or money order, payable to “Department of Commerce” for the total amount of the application fees. The processing fees are non-refundable and receipt of payment does not guarantee approval of the application.
- STEP 5:** Mail your application packet to the Department of Commerce. Avoid using specialty mail services or courier services as it delays the receipt of your application. We cannot accept applications in person.

The mailing address is:

**Department of Commerce
Lead-Based Paint Programs
PO Box 48301
Olympia, WA 98504-8301**

Once your application is approved for certification, a Washington renovator registration certificate will be emailed to the applicant’s email address provided on the application. **A copy of the Washington registration certificate needs to stay with the current renovator certificate (with the photo on it) in order to be valid in Washington.**

Any questions regarding the status of your application should be directed to Dano Summers (dano.summers@commerce.wa.gov).

Washington state requires both individual and firm RRP certifications before offering or contracting work on pre-1978 residential dwellings (single-family or multi-family units) or child-occupied facilities (daycares, preschools, elementary schools). You cannot offer work on just one of these certificates.

Companies/individuals only working off the individual RRP certificate they receive from the class or not registering an out-of-state renovator certificate are out of compliance with WAC [365-230-330](#). You must be a Washington certified renovator and your company or employer must be a Washington certified RRP firm, even if there are no other employees.
